Honeywell

HUG

2014 Honeywell Users Group EMEA

Week-at-a-Glance

Monday, November 10

08.00 **Registration Open for Advisory Boards, Training and Workshop Delegates**

08.30 - 10.30 **Workshops/Training**

Alarm Management Best Practices Workshop,

Jay Marsh **Oceania**

Cyber Security, Sinclair Koelemij **Europe 1 & 2**

10.30 - 11.00 **Coffee Break for Advisory Boards and Training Delegates** **World Cafe - World Forum Center Ground Floor**

11.00 - 13.00

OPC with Experion PKS and OPC by Matrikon,

Jean-Marie Bruls and Darek Kominek **Oceania**

Wireless, Rosen Krastev **Europe 1 & 2**

13.00 - 14.00 **Lunch for Advisory Boards and Training Delegates** **Atlantic**

14.00 - 17.30 **Conference Registration Open for All Delegates**

14.00 - 16.00 **Workshops/Training**

Control Performance Monitoring, Costin Ene **Oceania**

Safety Systems, Johan School **Europe 1 & 2**

15.30 - 17.30 **Optional Knowledge Center**

(Demo Room) Open **Amazon & Mississippi Foyers**

Welcome Drinks **All Delegates Welcome, Including their registered spouses** *Minimum age to attend is 18*

Tuesday, November 11

08.00 - 17.30 **Conference Registration**

09.00 - 10.30 **General Sessions** **World Forum, Main Theatre**
Opening, Prize Draw Early Birds and Conference
Overview, Marcin Hynek, Chairman Users Group EMEA
and Barbera de Baar, EMEA HUG Director

Honeywell Welcome and Industry Perspective,
Vimal Kapur, President, Honeywell Process Solutions

Honeywell Award Ceremony,
Don Maness, VP/GM HPS Field Products

User Input Subcommittee (UIS) Update,
Alan Carter, UIS Vice Chairman

Focus on Delivering Customer Value and Honeywell
UniSim Student Challenge Award 2014, Hedwig Leemans,
VP Sales EMEA, Honeywell Process Solutions

10.30 - 11.00 **Coffee Break Sponsored by Honeywell**
Global Tracking Lobby 1st Floor

11.00 - 12.30 **General Sessions** **World Forum, Main Theatre**
Honeywell Technology Overview,
Jason Urso, Vice President Technology,
Honeywell Process Solutions

Conference Announcements

Tuesday November 11, Continued

12.30 - 13.30 **Lunch Sponsored by Honeywell Analytics Atlantic**

12.30 - 17.30 **Knowledge Center (Demo Room) Open Amazon & Mississippi Foyers**

12.30 - 17.30 **Consulting Corner Open World Café**

13.30 - 14.15 **Honeywell Technology Sessions**

Experion PKS Orion, The Next Frontier, Jack Gregg Yangtze 1

Discover Performance Through Digital Intelligence – The Digital Suites for Oil and Gas, Dan O'Brien and Michele Loseto Yangtze 2

Maximizing the Value of Your Service Contract, Steve Linton Europe 1 & 2

Finally, Virtualization for Everyone, Paul Hodge Oceania

Reliable and Accurate Gas Measurement & Controls Solutions, Martin Bragg Everest 1

14.15 - 14.25 **Interim time to move to a different session**

14.25 - 15.10 **Honeywell Technology Sessions**

HMI of the Future with Experion Orion Console and Experion Collaboration Station, Andrew Stuart Yangtze 1

Process & Equipment Surveillance Delivers Production Reliability and Improved Equipment Performance, Phil Millette and Mike Brown Yangtze 2

Tuesday November 11, Continued

Putting UIS Enhancements to Work in Your Plant,
Prasad Kamath **Europe 1 & 2**

7 Reasons to Justify an Operator Training Simulator,
Martin Ross **Oceania**

The Smart Field of the Future, Dominique Choquet **Everest 1**

15.10 - 15.20 **Interim time to move to a different session**

15.20 - 16.05 **Services Live Demo: Migration from C200 to C300 Controller** **Africa**

Please register at the HUG registration desk before joining the session (limited seats).

15.20 - 16.05 **Honeywell Technology Sessions**

Flex Your Options with Universal Channel Technology,
Tony Alexander **Yangtze 1**

Alarm Management. Be Pro-active, not Re-active,
Tyron Vardy **Yangtze 2**

Effective Defense in Depth Strategies for Industrial Systems, Sinclair Koelemij **Europe 1 & 2**

Experion MX: Improve QCS Performance and Reduce Lifecycle Costs, Marko Jamsen **Oceania**

Driving Intelligent Business Decisions Through Integrated Terminals, Gantry, Offsite Solutions, Jayaprakash R
Everest 1

Tuesday November 11, Continued

16.05 - 16.35 **Coffee Break Sponsored by MOXA**
Lobby 1st Floor

16.35 - 17.20 **Honeywell Technology Sessions**
LEAP into the New Project Paradigm: New Technologies to Reduce Risk, Jack Gregg **Yangtze 1**

Assuring Long Term Benefits from Your Advanced Software Applications, Tathagata Basu **Yangtze 2**

Enable Sustainability, Safety Integration and Virtualization with Enhanced TPS Upgrade Solutions, Jesus Vallejo and Atanas Anev **Europe 1 & 2**

Protect Your Investment with Safety Manager R160 and Integrated Fire and Gas Solutions, Erik de Groot
Oceania

Smart Instruments Graduate Top of their Class with FDM, Peter Overgaauw **Everest 1**

18.00 - 19.00 Departures shuttles to the Louwman museum, to see exclusive car collection and enjoy the networking walking dinner

Wednesday, November 12

08.30 - 17.30 **Knowledge Center (Demo Room (Open)**

Amazon & Mississippi Foyers

08.30 - 17.30 **Consulting Corner Open** **World Cafe**

08.20 - 08.55 **General Session** **World Forum, Main Theatre**
Automation Trends, Challenges and Innovations for
Process Industries, Michael Krauss, BASF

08.55 - 09.05 **Interim time to move to a different session**

09.05 - 09.50 **Services Live Demo: Migration from C200**
to C300 Controller **Africa**

Please register at the HUG registration desk before joining the session (limited seats).

09.05 - 09.45 **Customer Sessions**

Welcome Address by a Steering Committee Member

From a Third Party DCS to Experion® Implementation,
Khalid Saber El-Maksoud, QATAR STEEL CO. (Q.S.C)

Yangtze 1

Embedded OPC UA Optimizes Nuclear Reactor Condition
Monitoring, Eric Oursel, EURIWARE CAPGEMINI **Yangtze 2**

Honeywell's Applications to Optimize a Refinery's Material
Balance & Performance Department, Mikhail Petukhov,
PETROTEL-LUKOIL S.A. **Europe 1 & 2**

From FSC to Safety Manager, Mariusz Zienkiewicz,
GRUPA LOTOS **Everest 1**

Wednesday November 12, Continued

09.45 - 09.55 **Interim time to move to a different session**

9.55 - 10.35 **Customer Sessions**

Welcome Address by a Steering Committee Member

Upgrade Refinery DCS to Experion, Mohamed Ashraf
Alsayed, SAUDI ARAMCO **Yangtze 1**

Advanced Process Control (APC) in a Honeywell Controller,
Jan van den Eijnden, DSM **Yangtze 2**

Analytical Planning System, Viacheslav I. Kuvykin, LUKOIL
Europe 1 & 2

Implementing Virtualization Solutions on TPS System,
Amine Kaddour, SONATRACH **Everest 1**

10.35 - 11.05 **Coffee Break Sponsored by MTL**
Lobby 1st Floor

11.05 - 11.45 **Customer Sessions**

Welcome Address by a Steering Committee Member

**Migrating to Experion[®] PKS at Qatar Fuel Additives
Company**, Abdulaziz Al-Ali, QAFAC **Yangtze 1**

**Development of Smart Monitoring and Troubleshooting
Aid Application for a Gas Turbine Generator Under
Experion PKS**, Bachir Benasla, SONATRACH **Yangtze**

Honeywell FTE Design, Implementation and Efficiency,
Sergey Umanskiy, RCNTEC **Europe 1 & 2**

Wednesday November 12, Continued

Distributed Control System Contribution to Functional Safety, Paul Stewart, MARATHON OIL **Everest 1**

11.45 - 11.55 **Interim time to move to a different session**

12.00 - 12.45 **Services Live Demo: Migration from C200 to C300 Controller** **Africa**

Please register at the HUG registration desk before joining the session (limited seats).

11.55 - 12.35 **Customer Sessions**

Welcome Address by a Steering Committee Member

Integrated MAC Implementation, Khalifa Ali AlMansoori, AL HOSN GAS **Yangtze 1**

Profit Optimizer Pilot Implementation, Mikhail Shamanin, LUKOIL-NNOS REFINERY **Europe 1 & 2**

Alarm Management Pilot Project at Rijeka Oil Refinery, Boris Žeželj, INA **Everest 1**

12.35 - 13.35 **Lunch** **Atlantic**

13.35 - 14.35 **Roundtables**

Virtualization, Jose Martin, BP and Paul Hodge, Honeywell **Yangtze 1**

Legacy to Current Migration, Heinz Janiec, Shell and Marjorie Ochsner, Honeywell **Yangtze 2**

Wednesday November 12, Continued

Process Data on the Business Network, Paul Stewart, Marathon Oil and Arjen van den Broecke, Honeywell **Everest 1**

14.35 - 14.45 **Interim time to move to a different session**

14.45 - 15.30 **Services Live Demo: Migration from C200 to C300 Controller** **Africa**

Please register at the HUG registration desk before joining the session (limited seats).

14.45 - 15.25 **Customer Sessions**

Welcome Address by a Steering Committee Member

Integration of F & G and CCTV Systems in Large Refinery and Petrochemicals Complex, B.R.Mehta, RELIANCE, **Yangtze 1**

Energy Optimization, While Using Advanced Solutions, Jorge López Rey, REPSOL **Yangtze 2**

Successful Implementation of Honeywell Maintenance Service Contract at Rijeka Oil Refinery, Boris Žeželj, INA **Europe 1 & 2**

Implementation of Honeywell's Advanced Alarm Management System at Salalah Methanol Company, Asish Thampi, SMC **Everest 1**

15.25 - 15.55 **Coffee Break Sponsored by Phoenix Contact**
Lobby 1st Floor

Wednesday November 12, Continued

15.55 - 16.35 **Customer Sessions**

Welcome Address by a Steering Committee Member

Blending and Movement Automation for Oil,

Danny De Moor and Mike Blokland, EXXONMOBIL **Yangtze 1**

Implementation of Universal I/O on Wellheads for first tight Gas Greenfield Project in Oman, Ahmed Al Mahrooqi, OOCPEP **Yangtze 2**

Cyber-Security, Protecting Your Domain, Saud Al-Fozan, SAUDI ARAMCO **Europe 1 & 2**

Alarm Reduction with BASF Alarm Philosophy After Plant Clustering, Frank Lerch, BASF **Everest 1**

16.35 - 16.45 **Interim time to move to a different session**

16.45 - 17.30 **Honeywell Technology Sessions**

Optimize Your Off-Sites Operations using Honeywell's Blending and Movement Management Solution,

Clive Walker **Yangtze 1**

At Last - A MES That Delivers Business Performance, Arjen van den Broecke **Yangtze 2**

Cyber Security Intelligence and Analytics In Industrial Systems, Eric Knapp **Europe 1 & 2**

20 Years of Abnormal Situation Management, Luc De Wilde, Total and Andrew Ogden-Swift, Honeywell on behalf of the ASM (session is on until 18.00) **Everest 1**

Wednesday November 12, Continued

The convention center will close at 18.00 and re-open at 19.30

19.30 - 20.00 **Welcome drinks**

World Forum Convention Center Ground Floor

20.00 - 22.00 **Conference dinner** *Atlantic*

22.00 - 00.15 **Open bar/After Dinner Network Party**

Atlantic / Atlantic Foyer

Thursday, November 13

08.00 - 15.00 **Conference Registration**

09.00 - 15.00 **Knowledge Center (Demo Room) Open**

Amazon & Mississippi Foyers

09.00 - 15.00 **Consulting Corner Open** *World Café*

09.00 - 09.45 **Honeywell Technology Sessions**

Striking New Visualization for Sequence Execution in

Batch and Continuous Processes, Chris Morse *Yangtze 1*

Using Assessments to Improve System Availability,

Jesus Vallejo *Yangtze 2*

Optimize Your Process with Advanced Process Control,

Richard Salliss *Europe 1 & 2*

EPC Track - EPC delegates welcome by Pieter Jonkhout.

Followed by a high level tour through the demo room *Everest 1*

UniSim User Community Day - Preview of UniSim

Design R440 *Oceania*

Thursday November 13, Continued

09.45 - 09.55 **Interim time to move to a different session**

10.00 - 10.45 **Services Live Demo: Migration from C200 to C300 Controller** *Africa*

Please register at the HUG registration desk before joining the session (limited seats).

09.55 - 10.40 **Honeywell Technology Sessions**
A Flexible Controller for Remote Solutions - RTU2020,
Paul Vellacott *Yangtze 1*

Security and Process Monitoring at Your Fingertips,
Adrian Fielding *Yangtze 2*

Optimize Lifecycle Cost and Improve Reliability of Metering Solutions with integrated C300 based Metering Application 'Metersuite, Paul Adamson *Europe 1 & 2*

EPC Track - DCS Control Loop as Protection Layer and Sharing Transmitters for Control and Safety,
Menno van der Bij, TECHNIP *Everest 1*

UniSim User Community Day - Short Review of a Few Valuable Yet Often Under - Used UniSim-Specific Functionalities *Oceania*

10.40 - 11.10 **Coffee Break Sponsored by HP**
Lobby 1st Floor

11.10 - 12.10 **Roundtables**
Managing the Skills Gap, Suneel Appan, British Sugar and Edwin Meijer, Honeywell *Yangtze 1*

Thursday November 13, Continued

Experion Release Updates and Upgrades, Jose Martin, BP and Andrew Stuart, Honeywell **Yangtze 2**

Cyber Security, Jamal Balushi, PDO and Mike Spear Honeywell **Europe 1 & 2**

EPC Track - How to Deliver a Multi-Cultural Mega-Project, Hugo Houben, FLUOR **Everest 1**

UniSim User Community Day - Slick Tricks: Tips & Tricks Session with the UniSim Design Support Team **Oceania**

12.10 - 12.20 **Interim time to move to a different session**

12.20 - 13.05 **Honeywell Technology Sessions OneWireless Network and Wireless Applications**, Diederik Mols **Yangtze 1**

Transform TDC2000 Data Hiway to Experion PKS while Retaining Graphics, Applications & Wiring, Jean Goovaerts and Marjorie Ochsner **Yangtze 2**

Operational Excellence - Maximize Profit, Minimize Cost/ Effort with CPM, Perry Nordh **Europe 1 & 2**

EPC Track - What is required to have successful Terminal Automation projects? Wilco Lengkeek, LC Engineers & Consultants **Everest 1**

UniSim User Community Day - Gas Lift Compressor Selection and Optimization Using UniSim/Pro-M Link, Sib Akhtar and Jean-Noel Bajjeet, MSE **Oceania**

Thursday November 13, Continued

13.05 - 14.05 **Lunch Atlantic**

14.05 - 16.10 **UniSim User Community Day Continued**
Oceania

Student Winner Presentation

Developing Versatile Flow Assurance Solutions by Seamlessly Integrating OLGA with Unisim Dynamic Model, Abhinav Priyadarshi and Suling Zhai, WG Kenny

Comparison Between Simulated and Real-Plant Data of a Gas Carrier Cargo Handling System, Rainer Scheuring and Jürgen Essler, FH Köln and TGE Marine

Maximizing UniSim Design Dynamic Simulation by Applying Inprocess Lifecycle Approach, Josep Anton Feliu, Miquel Angel Alos, José María Ferrer, Inprocess

14.05 - 14.40 **EPC World Forum, Main Theatre**
The Automation Challenge – Increasing Capital Efficiency Through Project Execution, Sandy Vasser, ExxonMobil

14.45 - 15.40 **EPC Track Closure Europe 1 & 2 (ground floor)**
Closure session for EPCs LEAP into the New Project Paradigm: New Technologies to Reduce Risk, Jack Gregg, Honeywell

14.05 - 16.00 **General Sessions World Forum, Main Theatre**

The Automation Challenge – Increasing Capital Efficiency Through Project Execution, Sandy Vasser, ExxonMobil

Thursday November 13, Continued

Customer Satisfaction, Edwin van den Maagdenberg,
Honeywell

**Live Chat with Global Technical Assistance Center:
Essentials**, Richard Shaw, Director Global Central Services,
Patrice Huart, Jan Witkamp, Gijsbert Nagtzaam and Nicola
Gheleys.

Closure Session, Hedwig Leemans, VP Sales EMEA,
Honeywell Process Solutions and Marcin Hynek, Grupa Lotos,
EMEA HUG Steering Committee Chairman 2014 announcing
2015 EMEA HUG Chairman

16.00 - 16.30 **Closure Coffee Break**

World Café, World Forum Center, Ground Floor

Friday, November 14

08.30 - 16.30 **EMEA UniSim Design SimCAB meeting by
invitation only.** Contact: Michael Brodkorb, Honeywell

World Forum Meeting Room: Volga 1

09.30 - 11.30 **Optional Training**

Virtualization, Jean-Marie Bruls **Yangtze 1**

Effective Human Machine Interface, Erik Kouwenhoven
Yangtze 2

10.30 - 11.00 **Coffee Break for Advisory Board and
Training Delegates** **Yangtze Terrace**
