

INDUSTRIAL INTELLIGENCE

BEYOND THE DATA

45th Annual Honeywell Users Group Americas

June 21–25, 2020

JW Marriott Grande Lakes, Orlando, Florida

**Insights, tools and expertise to make every day
your best day of production.**

In this data-driven world, achieving better outcomes is about getting the most value from your data. That is the focus of HUG 2020, a high-powered immersion into visualized data, system standardization and intelligent analytics. From the opening general session to the final breakout, you'll gain insights and information to:

- Lower costs
- Manage risk
- Strengthen cybersecurity
- Stay competitive

As world-renowned mountain climber Cathy O'Dowd will share in her keynote, success depends upon going beyond.

Join us in Orlando to set a course for your success. See you there!

Registration begins March 2, 2020
