Top 10 reasons to attend and stay connected:

1. **See peers present**: It’s your technical conference developed by customers for customers. A few of the presenting companies include: Phillips66, Shell, ExxonMobil, Georgia-Pacific, Valero, DuPont, Chevron, NOVA Chemicals, East Bay Municipal Utility District, and experts from ARC and ISA.

2. **Get valuable insights** from General Sessions featuring special guests including:
   - Vimal Kapur, President Honeywell Process Solutions
   - Jason Urso, Chief Technology Officer, Honeywell Process Solutions
   - Matthias Maaz, Director Pharma Special Chemicals, HPS
   - David L. Patin, ExxonMobil Research and Engineering
   - Jim Abbott, Former Major League Baseball Pitcher

3. **See the latest products and solutions in the Knowledge Center**. Engage with Honeywell experts and get hands-on with the latest Honeywell technology. Start your day by taking the **Honeywell Connected Plant tour**. Next, take a deeper dive into demos and our extended VR area. Some of the solutions on show will be Competency Program, Intelligent Wearables, Honeywell Trace™, Experion® R510, Experion Batch, Risk Manager (Cybersecurity), Smart Gas Solutions, and many more. See the latest **Knowledge Center floorplan**.

4. **Take in Spotlight Sessions in the Knowledge Center**. One of most popular parts of HUG! Spotlight Sessions feature a Honeywell expert presenting the newest technologies. Each session is followed by trivia. Want more? Feel free to explore the Knowledge Center after each session for more in-depth discussions.
5. **Go straight to the source at the Consultant’s Corner.** Located in the heart of HUG, take the opportunity to meet the experts one-on-one in an exclusive and private consultation. Contact your account manager to pre-schedule your personal meetings.

6. **See over 80 Honeywell Technology presentations,** Honeywell experts present to you – with all details available for you on the HUG conference app. All registered delegates will be able to log in and use the app to access details, such as presentation abstracts, presenter bios and photos, as well as Knowledge Center descriptions. The detailed agenda PDF also will be shared online closer to the HUG conference start date.

7. **Join the Roundtable discussions.** Get tangible ideas for taking home improvements. We name a few topics:
   - The Future of the Smart Grid,
   - Safety Insight
   - Migration Planning & Execution Best Practices
   - Industrial Cyber Security
   - Validating Interlocks using Historian Data,
   - And many more

8. **Experience the Alarm Management, or Advanced Control- Profit Suite “Journey.**” In parallel with other agenda topics on Tuesday, these Journeys were put on the agenda by Steering Committee customer member Celeste Labruyere, PBF Energy. And the Advanced Control journey day, by Greg Rogers, Enterprise Products Co. This is your ultimate opportunity to find out all there is to know on these topics. “We take you on a journey from the beginning up till now; the entire day on a specific, technical topic step by step.

9. **Enhance your knowledge with valuable training and beneficial workshops.** Learn, grow and improve with an array of topics. [View the training schedule.](#)

10. **Join the UniSim® Design Community Day.** Thursday features a special agenda for UniSim Design Users. Attendance is included in the overall HUG registration fee. Registration for this day only, is also possible. There will be different tracks on different days, contact your Honeywell contact to find out more.

Join us in San Antonio. Visit our [website](#) and register today.

**Register today!** EARLY BIRD OFFER: Register before May 1 to take advantage of the early bird fee of $995. Registration fee after May 1 is $1,295.

Customers who register for the conference before May 1st and book their hotel accommodation at the JW Marriott, are automatically entered into the Early Bird prize draw. The prize draw for the Early Bird will be on Monday morning during the first General Session. Winners need to be present for the draw to get their prize.
