

Webinar On Demand

Secure Network Planning: Best Practices for Experion and Experion® LCN Virtual Migrations

Recording Available:

Webinar date: November 07, 2018

Duration: 1 hour, 1 minute

[Watch it now](#)

The webinar is perfect for the team or individuals looking at addressing virtual migration security.

During the webinar, we will cover an overview of the Experion LCN network architecture, then explore network implications for TPN to Experion LCN migrations. We will also address top-of-the-rack VLAN deployment.

This session was conducted by Jay Gustin who is the inventor of Honeywell Fault Tolerant Ethernet(FTE).
