CONTROL SYSTEM MIGRATION - REVITALIZE WITH EXPERION LCN

Recording Available:

Webinar Date

November 28,
2017

Duration

49 minutes

[Watch it Now](#)

Honeywell's **Experion® LCN** enables incremental TotalPlant Solution (TPS) modernization and offers benefits such as intellectual property retention, infrastructure improvements and a reduced footprint. Experion LCN offers a secure, seamless integration with the Experion PKS architecture, with standards-based functionality, regulatory support capabilities, and integrated operations from the field through the plant to the business level.

View this on-demand webinar learn more on how to

- Improve business results and enable expansions, while protecting existing production and intellectual property
- Minimize operating disruptions and maintain overall consistency, as well as delivering lifecycle advantages with virtualization
